Jane & Rita,

My apologies, your emails went to the University 'Spam' file. Fortunately Susan called so I was able to retrieve them. I was out of town yesterday, so I am grateful for the extended deadline, since I am clearly beyond the 5 EDT deadline.

Thank you for the edits. They are fine with me.

I hope this clarifies it a bit more.

If you have other questions I will do my best to check emails occasionally during the day if possible, but I will be in surgeries all day, so I don't plan on getting to my emails until 4-5pm (PDT) tomorrow.

Paula D. Johnson, DVM, MS

Dr. Makris,

I sent the erratum to Dr. Johnson but haven't received a response. The absolute deadline for changing the erratum is Thursday, March 20 (tomorrow) at 10:00 am. If the e-mail address I have is incorrect, please forward the message to her. She should send her response to Jane Schroeder (schroederjc@niehs.nih.gov).

Thank you.

Dr. Johnson,

I have not received a response about the erratum for your paper (EHP manuscript 5125-ART). If I do not receive a response by 5:00 EDT today, the erratum will be published as edited (see attached).

Thank you.

Rita

Once again, sorry for the 'radio silence' - my 'real/regular' job is keeping me busy in surgery. We don't get cell service and I haven't had a chance to get to a computer until we're finished with post-op recoveries. Then it is off to home to care for my Mother (with Alzheimer's) - no email time at home. Sorry!

Please feel free to list the 1993 paper as well. I am fine with that.

Just an FYI my life will be like this for the next 3-4 months, so please accept my apologies in advance if I am not as responsive and would be ideal. Thank you for your patience and for allowing this error to be corrected.

Hi Sue-

Rita Hanson is out of the office for the next few weeks, so I am filling in for her. If we get this settled by 9am EDT we can change it, but I need to be sure we have the correct reference and that Paula also agrees with the change. Is the attached 2003 EHP paper the one you are referring to?

There are only two with BV Dawson as an author in 2003, but she is last author versus first, so I want to be sure this is the correct one. Also, please confirm that Paula agrees.

Thanks!

Jane

Hi Paula! Thanks for getting back to EHP before their latest deadline. The editorial staff has been very cooperative and helpful, as have you through this whole process, in spite of all the challenges. I will also go into e-mail silence starting tomorrow, since I will be heading to Phoenix for the Society of Toxicology meeting. All the best, Sue

To: Schroeder, Jane (NIH/NIEHS) [E]; Makris, Susan
Cc: Hanson, Rita (NIH/NIEHS) [E]
Subject: RE: Late EHP Erratum proof for Johnson et al.

Hi Jane,

I hope the note from Dr. Tilson was in error and that the Errata wasn't withdrawn. I send a message last night letting you know that I am fine with the addition of the 1993 paper to those cited.

Please let me know what else I need to do. I will be off and on (mostly off) the emails next week, but will do my best to check and respond.

I am fine with the recommendations for edits and citations for the submission.

Sorry, I don't know how I managed to get 2003 from 1993-- thanks for sending the right paper!

Anyhow, I will hold until tomorrow morning and see if Paula has a chance to respond, but if she is ok will add this to the papers cited.

Thanks again-

Jane

Subject: RE: EHP Erratum for Johnson et al.

Jane & Rita,

I am finally back in the office and with email access.

Did this get into the system, or was it pulled. I got the email on 3/21 from Dr. Tilson who said it had been withdrawn "at my request". I made no such request. I did send him and email which stated this, but I have not heard back one way or another.

I had agreed with all your suggested/requested edits and gave approval for submission. Please advise. Thank you,
Paula

Sorry, I don't know how I managed to get 2003 from 1993-- thanks for sending the right paper!

Anyhow, I will hold until tomorrow morning and see if Paula has a chance to respond, but if she is ok will add this to the papers cited.

Thanks again-
Jane

Hi Paula,

The erratum was published yesterday in the April issue:

<http://ehp.niehs.nih.gov/122-a94/>

Sorry for the confusion about it being withdrawn-- we just needed to withdraw it as a submission in the Manuscript Central tracking system because we do not track errata using that system. It's a housekeeping issue for us-- if we had left it in the system, it would have been stuck at a pending status forever. At any rate, it is now published.

Thanks-

Jane

Hi Paula,

The erratum was published yesterday in the April issue:

<http://ehp.niehs.nih.gov/122-a94/>

Sorry for the confusion about it being withdrawn-- we just needed to withdraw it as a submission in the Manuscript Central tracking system because we do not track errata using that system. It's a housekeeping issue for us-- if we had left it in the system, it would have been stuck at a pending status forever. At any rate, it is now published.

Thanks-

Jane
